

# LA MANO POTTERY

If you have never taken a pottery class before, taking one of our Handbuilding classes could be perfect for you. Take a look at our schedule as there are a variety of times to choose from - Fridays (4 -6pm) and Saturdays (12-2pm), as well as evening classes Tuesday through Thursday (7-9pm). We offer plenty of studio time for you to come in and continue to work on your projects outside of class time (you are welcome to come in any time the studio is open and a class is not in session).

Also, we are offering an intensive teen wheel class this summer from July 7 - July 29<sup>th</sup>, Wednesday through Fridays, from 10-1. This is a four-week class for ages 12 and up. If you know anyone who is interested, please pass this information along.

Our Spring Show was a super success! Many of the potters who sold pottery were new to selling their work - congratulations. The studio was once again filled with our wonderful potters, pottery, and all of our family and friends who came to celebrate ceramics and spring. Thank you to everyone who participated!

The photos of the pottery on display were taken by James Oligney, husband of potter Gina Senghi. He is a professional photographer, who takes beautiful headshots, portraits of children, and more. You can learn about him and his photography business at [www.oligney.com](http://www.oligney.com).

Yours in Mud,  
Diane, Julie, & Peggy

## Potter of the Month

**Kate Burns** is our potter of the month. She is an international traveler who has made La Mano her second home. Her gardening skills have brightened up the front of our studio. Kate came to La Mano just over three years ago and through pottery has found a new passion. In a stressful job at the United Nations working on responding to emergencies due to conflicts or natural disasters, Kate finds pottery an escape.

This is Kate's first show at La Mano. You will see a variety of pots from platters to demi-tasse cups, wall pockets to vases.

## Class Schedule

It is not too late to sign up for our classes. Our class schedule is posted on our website [www.lamanopottery.com](http://www.lamanopottery.com) and listed below.

Labor Day	Open on Friday, 9/2 until 6pm Closed Saturday, 9/3 & Sunday, 9/4

## Potter's Tip of the Month

### Carving

Before you start carving on your clay when it is leather hard, place Saran Wrap over your piece and draw your pattern on the plastic. This will make a slight indent and mark where you want to draw without making crumbs or deep line in your clay!
